

Handheld Traffic Radar Operating Procedure

It will be the Procedure of the Callaway MN Police Department to follow Minn. Stat. 169.14, subd. 11 when using a handheld radar device.

Officers utilizing these devices shall:

1. Turn off the unit when it is not in use;
2. Use a standby mode except when measuring a vehicle's speed if the unit is so equipped;
3. Not allow the antenna to rest against the operator's body while it is in operation; and
4. Always point the antenna unit away from the operator and any other person in very close proximity to the unit.
